	0	2	3	4	Weight	Total

Requirements Specification	Missing	Unlabeled
		Unclear
		Substantial ambiguity
		Just restates given text
			Some residual ambiguity
			Assumptions not fully
			  documented
			Inconsistent
				Complete, clear and unambiguous
				Identifies ambiguity in givens and
				  states necessary assumptions
				Addresses *"what"* and not *"how"*
				Consistent with mandates/givens
					10	

User Guide	Missing	Unlabeled Unclear; confusing	Limited value instructions Inappropriate for end-user Spelling/Grammar errors	Provides easy-to-follow instructions Addresses the end-user Includes overview/context	**10**	
Design	Missing	Unlabeled Major formatting problems Incomprehensible	Inconsistent Non-descriptive naming Generally comprehensible Addresses most route types	Architecture and detailed design Effective communication using appropriate diagrams Obvious mapping from requirements Uses appropriate paradigm constructs Address all route types	**20**	

Test Plan	Missing	Unlabeled
		Poor coverage
		Incomplete test case
		  specification
			Covers all normal cases
			Instructions for each
			Expected results for each
			Limited interpretations
			Limited rationales
				Comprehensive coverage: normal and
				  unexpected cases
				Complete instructions for running tests
				Expected results and interpretations
				Rationales for plan and for each case
					15	

Source Code
 	
Readability
	Missing	Unlabeled
		Major formatting problems
		Incomprehensible
			Inconsistent formatting
			Non-descriptive symbol
			  naming
			Generally comprehensible
				Easy to read format (whitespace,
				  indentation, comment placement)
				Meaningful symbol names
					10	

Clarity	Missing	Confusing Not as designed	Generally follows Design Some odd constructs Insufficient comments Comments of limited value	Consistent with Design Straightforward code constructs Appropriate use of comments Easily understood	**10**	
Source Code + *Sample runs* **Correctness**	Missing	Syntax error Fails general case or multiple boundary cases	No compilation errors Fails a boundary case	Compiles & executes without error Performs required functions Demonstrates required capabilities	**10**	

Reflection	Missing	Unlabeled
		Content unclear
		Major spelling or grammar
		  errors
			Descriptive rather than
			  reflective
			Minor spelling or grammar
			  errors
				Insightful
				Shows critical thinking
				Goes beyond the obvious
				No spelling or grammar errors
					15	

CS3: Graph Traversal / Route Construction
